GLAOUI

The **GLAOUI** collection designed by **Sandra Figuerola** is inspired by Moroccan traditions, with its colourful design approach that exudes warmth and comfort, where all pieces come together around a central focus: the carpet.

GLAOUI includes poufs and carpets made using craft techniques and woven over a loom with knots and embroidery which lend it a great variety of textures. Manufactured from virgin wool this collection stands out for its design and geometric motifs.

Collection after another, **GAN**, the indoor designer brand belonging to **GANDIABLASCO**, is characterised and defined by its love of handmade products. In an unforced and natural way its collections of carpets take on volume, defining spaces and integrate poufs, modules, auxiliary pieces of furniture and small accessories.
