The Modular Insula sofa is Patricia Urquiola's updated interpretation of traditional seating used in traditional Arab Majlis, where community members gathered to discuss events and local issues, entertain guests, build friendships, and have fun.

Formally, it is a rational modular sofa with very softened shapes and low height, with a roll in the backrest that concentrates all the protagonism of the design and provides a decidedly horizontal emphasis. It combines carefully balanced proportions as an architectural element that can be subtly integrated.
