IKIRA

Nuestra más y atrevida propuesta hasta ahora:
Una colección extremadamente modernista con
reminiscencias clásicas,
las cuales enlazan con una tradición
artesanal elaborada que consigue
suavizar el cubismo de las piezas que la
componen.
Dos nuevos acabados Trenkadis e Hilo,
cuya fuerza visual
queda integrada en la suavidad de su
tacto, por el saber
hacer de nuestros artesanos.

*Our most daring proposal so far:
An extremely modernist collection
with classic reminiscences,
which interlace with an elaborate
artisan
tradition that achieves to soften
the cubism of the
pieces that compose it.
Two new finishes Trenkadis and
Hilo, whose
visual force is integrated in
the softness of its
touch by know-how of our
craftsmen.*
