DESCRIPCIÓN

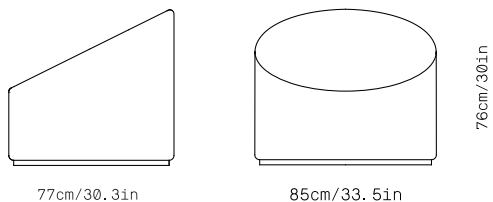

Inspirada en el fascinante mundo de los hongos, Bolet evoca la forma de taza de café de las setas. Su sencillez sólo se ve alterada por un toque elegante: el botón alargado en su centro, que sujeta el diseño tanto funcional como visualmente en una especie de acolchado contemporáneo.

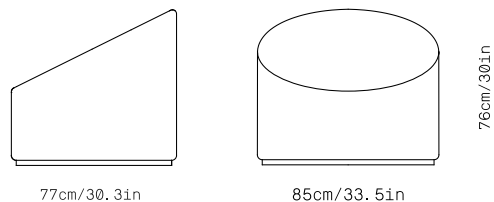

DESCRIPTION

Inspired by the fascinating world of mushrooms, Bolet evokes the coffee cup shape of mushrooms. Its simplicity is only altered by an elegant touch: the elongated button in its centre, which holds the design both functionally and visually in a kind of contemporary quilting.
