SANCAL

EXPLICACION DEL MODELO

Con Happen todo puede suceder, es pura versatilidad. Su amplia modularidad nos proporciona multitud de posibilidades.

Happen cuenta con piezas diferentes que satisfacen nuevas necesidades, entre las que destacan las 5 posibilidades que ofrece para los brazos: ancho, estrecho, bajo, brazo-almohada y un módulo-mesa que nace con el fin de aunar zonas de asiento con zonas de apoyo para distintos objetos. Existe también un gran número de piezas para crear ángulos, un módulo con doble fondo y un terminal asimétrico de medidas muy contenidas. Los puf funcionan sueltos e intercalados entre los módulos, además de formando rincón. El puf-mesa integra 2 aplicaciones en una sola pieza. A las piezas con mesa tapizada podemos incorporar una lámina de cristal fumé con decoración circular.

Para satisfacer el mayor número de preferencias posible, Happen nos permite elegir la altura del respaldo. Las opciones son 84 y 74cm. En el catálogo sillones, sofás y módulos están identificados como respaldo alto y respaldo bajo. En composiciones modulares podremos combinar almohadas de ambas alturas.

Pese a sus elevadas dosis de customización, la esencia de su diseño siempre permanece. Happen es reconocible por su simplicidad formal, por su pureza y sencillez.

Detrás de su fina base se oculta una sólida estructura. Gracias a unas discretas patas de madera tintada esta fina base parece flotar.

Los almohadones de asiento son generosos y destacan por su amplia y confortable sentada, la cual ha sido confeccionada de forma especial con una capa superior de viscoelástica de 6cm que maximiza su comodidad y durabilidad.

Cada pieza incluye su correspondiente almohada riñonera. Para facilitar los pedidos con almohadas riñoneras en tejido diferente a la base, en la tarifa se puede consultar el precio de las almohadas de respaldo en cada una de las series de tela y piel. Para pedidos con almohadas en series distintas a la base usar la siguiente fórmula:

Precio composición = (puntos módulos – puntos almohadas en misma serie) + puntos almohadas en distinta serie.

La unión de módulos se realiza mediante carracas.

Happen es desenfundable en su totalidad cuando está tapizado en tela y sólo las almohadas cuando lo está en piel o piel sintética.

DESCRIPTION OF THE MODEL

With Happen anything can happen, since it is pure versatility. Its wide modularity provides multiple options.

Happen has different pieces which satisfy contemporary needs, but we would like to highlight the 5 options for the arms: wide, narrow, low, arm-cushion, and a table-module conceived with the aim of joining seat areas using supporting areas for various objects. There are also a great number of pieces to create angles, a module with double depth and an asymmetric terminal module of lesser proportions. The poufs can be loose or interspersed between the modules; or even for forming a corner. The pouf-table has 2 applications in one piece. We can add smoked glass with circular decoration to the pieces with an upholstered table.

In order to satisfy most preferences, Happen has a choice of back height: the options are 84 and 74cm. Armchairs, sofas and modules are identified as high back and low back in the catalogue. Compositions using differing height cushions can be made in the modular systems.

Despite a high level of customization, the essence of its design always remains. Happen is recognizable by its effortless formality, by its purity and simplicity.

Behind its thin base lies a solid structure. Thanks to the discreet stained wooden legs this base appears to float.

The seat cushions are generous and have a wide and exceptionally comfortable sit: prepared in a special way with a 6cm topping of memory foam, which maximizes comfort and durability.

Each piece includes its corresponding lumbar cushion. To facilitate orders with lumbar cushions in different upholstery to the base, please consult the back cushions price list for the different series in fabric or leather. The price of cushions in a different series to the base will be calculated according to the following equation:

Price of the composition = (module points – points of cushions in same series) + points of cushions in different series.

Module joining is performed by means of a ratchet.

Happen has fully removable covers when upholstered in fabric, but only the cushions when the piece is upholstered in leather or synthetic leather.

CARACTERISTIQUES

Avec Happen tout peut arriver... c'est de la pure versatilité. Sa grande modularité donne de multiples possibilités.

Happen est composé de différentes pièces qui répondent à de nouvelles nécessités. 5 types de bras : larges, étroits, bas, bras-coussin et un module-table qui a pour but de rapprocher les zones d'assise aux zones servant à poser certains objets. Il existe aussi un grand nombre de pièces afin de créer des angles, un module à double fonds et un terminal asymétrique aux dimensions raisonnables. Les poufs s'utilisent seuls ou intercalés entre les modules, en plus de servir d'angles. Le pouf-table intègre 2 applications en 1 seule pièce.

Pour satisfaire le plus grand nombre, Happen permet de choisir la hauteur de dossier: 74 et 84cm. Dans le catalogue les fauteuils, canapés et modules sont répertoriés comme dossier haut et dossier bas. Au sein d'une même composition on pourra utiliser en même temps les 2 types de dossier.

Happen est reconnaissable par sa simplicité formelle, pour sa pureté et pour sa très haute customisation.

Derrière sa base fine se trouve une solide structure. Grâce à des pieds bois teintés très discrets, la base paraît flotter dans l'air.

Les coussins d'assise sont généreux et se distinguent par leur grandes et confortables assises, lesquelles sont fabriquées de manière spéciale avec une couche supérieure de mousse viscoélastique de 6cm qui augmente le confort et la durée de vie.

Chaque pièce est livrée avec son coussin cale-reins. Pour faciliter les commandes avec des coussins cale-reins dans un tissu différent du reste, on pourra trouver au tarif les coussins cale-reins dans toute les séries de tissu et de cuir. Pour les commandes avec des coussins réalisés dans des séries différentes de celles de la base, utiliser cette formule:

Prix total: (nombre de points des modules – points des coussins dans la même série) + points de coussins dans une autre série.

L'union des modules est faite au moyen de pièces d'union.

Happen est 100% déhoussable dans sa version tissu, et seuls les coussins sont déhoussables dans les versions cuir et cuir synthétique.

SANCAL

IMPORTANTE

Todas las piezas se sirven montadas en cualquiera de sus medidas. Aquellas piezas con más de una almohada de asiento son desmontables en destino. Los brazos anchos y bajos también son fácilmente desmontables para el acceso a las viviendas sin necesidad de quitar ninguna funda. Happen incorpora instrucciones de montaje y desmontaje.

En piel o piel sintética todas las medidas se sirven siempre en una pieza y no son desmontables.

Las solicitudes de composiciones modulares deben adjuntar un plano en planta al realizar el pedido. La mano (derecha/izquierda) se interpreta siempre viendo el dibujo de frente.

IMPORTANT

The pieces are delivered assembled in all measurements. Those pieces with more than one seat cushion can be disassembled at destination. The wide and low arms also can be disassembled easily, to enable access to flats without removing the covers. Happen includes both disassembly and reassembly instructions.

In leather or synthetic leather and in all measurements, furniture is always delivered in one piece and not unassembled.

Requests for modular combinations must have an attached plan when placing the order. When specifying left or right side, it is always as facing the piece.

IMPORTANT

Toutes les pièces sont livrées montées dans toutes les dimensions. Toutes les pièces avec plus d'un coussin d'assise sont démontables à destination. Les bras larges et bas sont aussi facilement démontables sans retrait des housses. Instructions de montage et démontage fournies.

En cuir ou cuir synthétique, toutes les dimensions sont livrées montées et ne sont pas démontables.

Un plan est nécessaire pour toute composition modulaire, vue de face.

CARACTERISTICAS TECNICAS

TELA

- Estructura y almohadas totalmente desenfundables.
- Estructura de madera recubierta de espuma HR Ultracel de 30kg y fibra de 100gr con velour.
- Bastidor de asiento preparado con cincha NEA de 80mm.
- Bastidor de respaldo preparado con cincha NEA de 60mm horizontal y confeccionado con espuma de 40kg y HR Ultracel de 30kg.
- Brazos: estructura de madera confeccionada con espuma de 40kg y HR Ultracel de 30kg.
- Módulo mesa: estructura de madera recubierta de espuma de 40kg y HR Ultracel de 30kg.
- Almohada brazo: espuma HR Ultracel de 30kg y fibra 100 gr.
- Almohada de asiento: espuma de densidad diferenciada con una capa superior de viscoelástica de 6cm. El almohadón va recubierto de fibra poliéster H250 termofusionada y funda interior de algodón.
- Almohada de respaldo: espuma de densidad HR de 25kg y HR Ultracel de 30kg recubierta de fibra poliéster.
- Almohada riñonera: funda de algodón rellena de FiberDream (microfibra tacto plumón).
- Patas en madera de haya tintada de color wengue.
- Tapas de cristal templado acabado fumé gris con detalles en arenado.

PIEL

- Estructura fija y almohadas desenfundables.
- El resto de características son idénticas a las de la versión tapizada en tela.

TECHNICAL CHARACTERISTICS

FABRIC

- It has fully removable base and cushion covers.
- Wooden structure covered with HR 30kg Ultracel foam and 100g fibre shell.
- Seat area fitted with 80mm NEA elastic webbing.
- Back area fitted with 60mm NEA elastic webbing and HR 30kg and 40kg Ultracel foam.
- Arms: wooden structure covered with HR 30kg and 40kg Ultracel foam.
- Table module: wooden structure covered with HR 30kg and 40kg Ultracel foam.
- Arm cushion: HR 30kg Ultracel foam and 100gr fibre.
- Seat cushion: multilayered foam with memory foam top layer. Cushion covered with a H250 thermofused shell covered in an unwoven fabric.
- Back cushion: HR 25kg and HR 30kg Ultracel foam covered with polyester fibre.
- Lumbar cushion: cotton cover filled with FiberDream (a down-touch microfibre).
- Solid beech feet in wenge.
- Tempered glass top grey smoked finish with sandblasting details.

LEATHER

- Fixed structure and removable cushion covers.
- The remaining technical specifications are the same as those for the fabric version of the product.

CARACTERISTIQUES TECHNIQUES

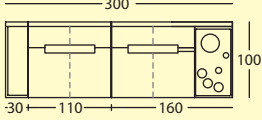

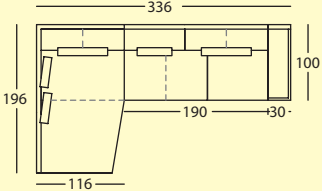

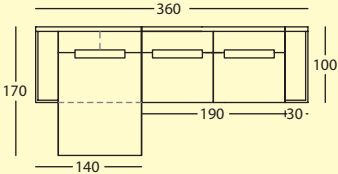

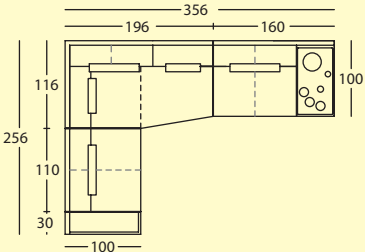

TISSU

- Structure et coussins 100% déhoussables.
- Structure en bois recouverte de mousse HR Ultracel de 30kg et fibre de 100gr avec velours.
- Châssis d'assise préparé avec des sangles NEA de 80mm.
- Châssis de dossier préparé avec des sangles NEA de 60mm horizontales et confectionné en mousse de 40kg et mousse HR Ultracel de 30kg.
- Bras: structure en bois et mousse de 40kg et mousse HR Ultracel de 30kg.
- Module-table: structure en bois et mousse de 40kg et mousse HR Ultracel de 30kg.
- Coussin-bras: mousse HR Ultracel de 30kg et fibre 100gr.
- Coussin d'assise: mousse de différentes densités avec une couche supérieure de mousse viscoélastique. Cette couche est recouverte de fibre polyester H250 thermo-fusionnée et housse intérieure coton.
- Coussin de dos: mousse de densité HR 25kg et HR Ultracel de 30kg recouverte de fibre polyester.
- Coussin cale-reins: housse coton garnie de fibre FiberDream (microfibre toucher plume).
- Pieds en hêtre teintés couleur wenge.
- Plateau verre sécurit finition gris fumé avec des détails sablés.

CUIR

- Structure fixe et coussins déhoussables.
- Le reste des caractéristiques techniques est identique à la version tissu.
