FINISHES

SEAT

Metal base structure made of calibrated steel with special protective treatment for outdoor use, powder coated with thermoreinforced polyester in black or white and microtexturized finish. Interior structure in solid wood and plywood board with special protective marine treatment, resistant to water and humidity. We use PEFC certified wood.

The structure is cinched and covered with expanded polyurethane foam in different densities and polyester fiber. Filled with down and feather, waterproofed and upholstered with outdoor fabric

Smooth upholstery

Soft upholstery

NOTE 1: There is no possible to combine smooth upholstery modules and soft upholstery modules.

NOTE 2: The sofas with legs must be composed with a minimum of two modules.

NOTE 3: Outdoor cover available to protect the product from water, humidity and sunlight.

Upholstery

Check upholstery fabrics *for Outdoor*.
