

TASK LED White portable lamp

Ref. 70914

TASK is an outdoor portable light with LED technology. It has a fun design that is reminiscent of a mushroom and has a leather handle to facilitate its transport. The light, which is projected indirectly, is warm and can be regulated in three intensities. As it is portable, it is recharged with a mini USB cable (included) and its autonomy depends on consumption: -100% intensity 6 hours of autonomy. -40% intensity 15 hours autonomy. -10% intensity 80 hours autonomy. Complete charging time is 4-5 hours and in order to put it outside, it is important to cover the USB closure with the protector.

Specifications
