

TEKO - 1 White surface LED 12-18W 4000K 56°

Ref. 050400601

TEKO is a white surface-mounted light with a modern style and LED integrated. It is ideal for contract spaces. Driver not included, but necessary. The 56° version is perfect for lighting in restaurants and hotels, and also in exhibition rooms or museums. With a heat temperature of 4000 K, this surface allows warm, comfortable atmospheres to be created.
