

POLARIS

designed by
FERNANDO MARTÍNEZ

POLARIS

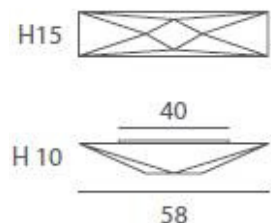

La tela elástica adquiere una forma facetada recubriendo las líneas limpias que forman su estructura metálica, permite realizar composiciones que envuelven la estancia en un ambiente estelar. Es adaptable a todo tipo de paredes y techos. Se pueden combinar de diferentes tamaños y crear una sensación de intensa y sugerente claridad.

POLARIS

Play and design with stars, with different surface compositions suitable for any kind of ceiling, wall or sloping ceilings. Range including also suspension, floor & table lamps. You may combine different POLARIS, different sizes and shapes. Removable stretching fabric covering a metal frame.

20W

El aparato se suministra así desde fábrica

This is the standard switch configuration supplied from factory if there is not 2-switch request in your order

Teniendo en la instalación dos llaves, se puede pedir desde fábrica con 2 encendidos

If installation has possibility of 2 switches, we may supply as per above 2-switch configuration, on request
