

BLOCK

designed by
FERNANDO MARTÍNEZ

BLOCK

BLOCK permite crear y diseñar tu propia composición. Está inspirado en los juegos de bloques para niños, con el objetivo de crear espacios interiores con simetrías y asimetrías. De estructura metálica recubierta de tela blanca elástica, permite configurar espacios y diseños únicos. Las telas son fácilmente desmontables para su lavado o sustitución.

BLOCK

There is nothing nicer than creating, building up and designing your own BLOCK composition for your interior requirements. Every space design you create is unique! BLOCK is inspired by kid's block games. Produced in multi-sized options in order to create interior spaces playing with symmetries and asymmetries. Make up your own BLOCK design! Removable stretching fabric covering a metal structure.
