

## LUPE Black structure table lamp

Ref. 20033

Structure of the table lamp of the collection designed by Jordi Busquets in black finish. Designed for lighting the home, the series gives a modern touch to any room. With the same simple, but sophisticated style, this structure is compatible with the LUPE shade in beige finish – which continues the same style of the entire collection – and with GUADALUPE shades, a new product from Faro Lab compatible with this design.
