

Ralph

HANGER

Distinguished by its three tall vertical tubes, Ralph is a minimalistic hanger with an industrial touch. These three tall tubes are connected by a T-shape metallic pipe on the top and bottom of the piece for incredible stability. The spotlight of this stunning design is the vintage style tray with leather detail that rotates 360°. This feature allows storage space for keys while complementing the hanger and enhancing the style of your project. A fully metallic hanger with style and sophisticated design without losing the functional side demanded from a furniture piece.
