Ceiling lamp

AMIGO (which stands for Aplique Miguel y Gonzalo, or 'Miguel and Gonzalo's ceiling lamp') is the first joint project from this father/son team, who perfectly represent two generations of Spanish design. Its functional virtues are truly unusual: fluorescence with complete sealing and diffuse luminosity by means of a vertical shade that stops insects getting in and also protects the fitting. It produces a halo of filtered light and avoids lateral dazzling - all with an impeccable simplicity where nothing is superfluous.

### GENERAL DESCRIPTION

White metallic structure.

Cylindrical translucent methacrylate diffuser.

### LIGHT SOURCE

Recommended light source:  
Fluorescent. T5-R. Circular: 55 W  
2GX13

Light source not included.  
Lamp not suitable for dimming systems.  
Compatible with bulbs of the Energy  
efficiency class (E.E.C): A.  
Lamp suitable for indoor and outdoor use.  
Always use the recommended light source  
or equivalent.

Input voltage: 100 , 120, 230 VAC (50 Hz /  
60 Hz) According to destination.

### APPROXIMATE WEIGHT (without package)

2,4 Kg / 5 lb
