KOI | CONSOLE

KOI carp is a recurring symbol of Japanese culture, highly appreciated by its decorative purposes in water gardens, in Irezumi practice or most commonly, in tattoos. Its natural colour mutations reveal their capacity to adapt, just like the KOI brass console table which fit in any modern home decor. The KOI scales from the sides of the modern console table shine and reflect the sun on its brass surface. KOI shares the same sound of the Japanese word for love and affection, making the carp also a symbol of love and friendship which will be conveyed to a modern home decor.
