

## OPTIC White downlight LED

### CRI95 24/36W 2700K 56°

### 2470/3490 lm

Ref. 032003701

OPTIC is minimalist recessed downlighting that can be moved on its horizontal axis. This light fitting allows an ambience suitable for retail spaces to be created, thanks to the orientation of the light beams. OPTIC is an elegant minimalist series, where the objects lit up take on a leading role. A Colour Rendering Index of 95 provides a realistic rendering of the colour. The higher the value, the better the human eye perceives the real colour of the objects it lights. With a heat temperature of 2700 K, this downlight allows warm, comfortable atmospheres to be created. The 56° version is perfect for lighting in restaurants and hotels, and also in exhibition rooms or museums.

## Specifications
