

#### EXPLICACION DEL MODELO

*Un diseño que flota en el aire.*

**Air** cuenta con una amplia gama de opciones, adaptándose a cualquier espacio. Las grandes composiciones parecen levitar, suspendidas sobre las patas que quedan ocultas. De ahí el nombre del sofá.

Las principales características de este modelo son su amplia modularidad y oferta de medidas. La familia **Air** ofrece dos alturas de respaldo y tres tipos de brazo para cualquiera de sus versiones. Las opciones son: brazo ancho, estrecho y alto y se pueden combinar en una misma pieza. La opción de brazo alto es apta para hacer rincón.

La colección se completa con una serie de piezas auxiliares: 2 pufs y 4 almohadas opcionales para el brazo alto cuando hace rincón (2 por cada altura de respaldo). El puf de 95x95 está pensado para hacer composiciones con rincón.

**Air** también ofrece la posibilidad de hacer combinaciones con almohadas de respaldo extra. Estas almohadas de respaldo de 55x60 son opcionales y no están incluidas en el precio.

Las patas quedan ocultas.

Toda la gama de productos es totalmente desenfundable cuando van tapizados en tela y sólo las almohadas cuando van tapizadas en piel o piel sintética.

#### DESCRIPTION

*It seems to float on air!*

The **Air** boasts a wide range of elements, making it easy to adapt to any space. Large compositions seemingly levitate, suspended on recessed feet, hence the sofa's name.

Not only does the programme include a vast array of modular seating, but also two back heights and three types of arm: wide, narrow and high. The latter also doubles as a back to form a corner composition.

The collection is completed with a number of auxiliary pieces: two poufs and four optional cushions for the high arm when it is used in the corner option (two for each back height). The 95x95cm pouf can be used as a corner unit.

The feet are hidden.

The entire range has fully removable covers when upholstered in fabric, but only the cushion covers when the piece is upholstered in leather or synthetic leather.

#### CARACTERISTIQUES

*Un design qui paraît flotter dans l'air.*

**Air** bénéficie d'une large gamme d'options, afin de s'adapter à tout type d'espace. Les grandes compositions semblent être en lévitation, grâce aux piétements occultes, d'où provient le nom du canapé.

Les principales caractéristiques de ce modèle sont sa grande modularité et l'offre importante du nombre de modules. **Air** présente aussi 2 hauteurs de dossier et 3 types de bras différents adaptables sur toutes les versions. Les options sont: bras large, bras étroit et bras haut, chaque option peut être combinée sur une même pièce. L'option bras haut peut servir aussi pour la réalisation d'angles.

La collection est complétée par une série de pièces auxiliaires: 2 poufs et coussins optionnels pour le bras haut lorsqu'il sert d'angle (2 pour chaque hauteur de dossier). Le pouf 95x95 est pensée pour servir d'angle.

**Air** offre la possibilité de rajouter des coussins de décoration de 55x60 optionnels. Ces coussins ne sont pas inclus dans le tarif.

Les pieds sont placés de façon à ne pas être vus.

Toute la collection est entièrement déhoussable lorsque le recouvrement est en tissu, et uniquement avec coussins déhoussables lorsqu'il s'agit d'un recouvrement cuir ou cuir synthétique.

**IMPORTANTE**

Las piezas se sirven montadas en todas sus medidas.

En tela, los módulos de 240 siempre son desmontables. Previa solicitud, los módulos de 180 se pueden fabricar para que sean desmontables en destino (especificar en el pedido). Adjuntamos instrucciones de montaje y desmontaje.

En piel o piel sintética todas las medidas se sirven siempre en una pieza y no son desmontables.

La unión de los módulos se realiza mediante carracas.

Las solicitudes de composiciones modulares deben adjuntar un plano en planta al realizar el pedido. La mano (derecha/izquierda) se interpreta siempre viendo el dibujo de frente.

Consulte [www.sancal.com/care](http://www.sancal.com/care) para obtener información sobre cuidado y mantenimiento.

Descarga la garantía de 10 años, ficheros 3D, 2D, BIM, certificados de resistencia, de calidad del aire, medio ambientales y la gestión de calidad total.

[www.sancal.com/es/sofa-air](http://www.sancal.com/es/sofa-air)

**CARACTERISTICAS TECNICAS****TELAS**

- Estructura y almohadas totalmente desenfundables.
- Estructura de madera, recubierta de espuma de poliuretano y revestida de fibra de poliéster.
- Bastidor de asiento preparado con cincha y recubierta de espuma de poliuretano.
- Respaldo preparado con espuma de poliuretano.
- Almohada de asiento con espuma de poliuretano todo recubierto de poliéster y funda en tela.
- Almohada de respaldo de 2 alturas: compuesta de fibra poliéster siliconada en compartimentos.
- Patas de madera de haya tintadas en negro.

**PIEL**

- Estructura fija y almohadas desenfundables.
- El resto de características son iguales que las de los modelos en tela.

**IMPORTANT**

To aid delivery, when upholstered in fabric, the 240 module can always be disassembled at the destination. By request, the 180 module can also be manufactured in the same way (this must be indicated on the order). These products include disassembly and assembly instructions.

When upholstered in leather or synthetic leather, the sofa cannot be disassembled - whatever the size.

The modules are joined by a ratchet system.

Orders for modular combinations must include a plan when placing the order. Left and right are taken to be as facing the piece.

Consult [www.sancal.com/care](http://www.sancal.com/care) for essential care and maintenance information.

**TECHNICAL SPECIFICATIONS****FABRIC**

- Totally removable covers.
- Wooden structure with polyurethane foam covered in polyester fibre.
- Seat area fitted with 80mm elastic webbing and polyurethane foam.
- Back fitted with polyurethane foam.
- Seat cushion fitted with polyurethane foam covered with polyester fibre and enclosed in a fabric cover.
- Back cushion available in a choice of two heights.
- Interiors: silicon fibre enclosed in compartments.
- Black stained beech feet.

**LEATHER**

- Removable cushion covers, fixed base.
- The remaining technical specifications are the same as those for the fabric version of the product.

**IMPORTANT**

Les modules sont livrés montés dans toutes les dimensions. En tissu, le module 240 est toujours livré démonté. Sur demande, le module 180 peut être fabriqué pour qu'il soit démontable lors de la livraison finale (à spécifier sur la commande). Ces références sont livrées avec une notice de montage et démontage.

En cuir ou en cuir synthétique les modules sont toujours livrés en une seule pièce et ne sont pas démontables.

L'union des modules se fait par visserie.

Les commandes de compositions modulaires doivent être obligatoirement accompagnées d'un plan. Le placement des bras gauches ou droits s'entend toujours vu de face par rapport au dessin.

**CARACTERISTIQUES TECHNIQUES****TISSUS**

- 100% Dehoussable.
- Structure en bois, recouverte de mousse de polyuréthane et fibre de polyester.
- Châssis d'assise préparé avec des sangles de 80mm et recouvert d'une mousse de polyuréthane.
- Coussin de dos constitué de mousse de polyuréthane.
- Coussin d'assise: mousse de polyuréthane recouvert d'une fibre de polyester. Le tout recouvert d'un tissu de finition.
- Coussin de dos de 2 hauteurs composé de fibre polyester siliconée compartimentées.
- Pieds en bois de hêtre, finition noir.

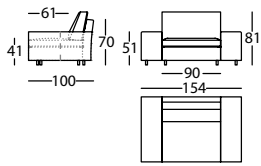

**CUIR**

- Structure fixe et coussins déhoussables.
- Le reste des caractéristiques sont identiques à celles des modèles en tissu.
