

Inviting Light is a family designed by Bohman&Folienius for home lighting. Its main characteristic is that the light moves to accompany you according to the different needs and moods. The head of the lamp can be adjusted both in its horizontal and vertical axis, and the light is dimmable. By sliding forward and back the top circumference, you can change the intensity of the light and by rotating the same circumference, you can change the temperature of the colour. This black wall lamp is designed to illuminate work tables, reading spaces or shelves, as well as bed heads.

General characteristics

Fixation	Wall
Type	II
IP	20
voltage	100V-240V
Hertz	50/60Hz
Cable meters	1900
Switch type	Slider
included battery	.
Upwards Vertical orientation	↻ 90
Downwards vertical orientation	↻ 90
Horizontal orientation	↻ 180
Power	6W

Material

Body/Structure	Aluminium
Diffuser	PMMA

Finish

Body/Structure	Matt Black
Diffuser	Transparent

Lighting characteristics

Light source included	Yes
Adjustable colour temperature	Yes
LM	410lm
CRI	>80
Dimmable light source	YES
Light direction	Ambient lighting
Energy classification	F
Colour temperature range	2700 - 4800

Driver

Requires Driver	Yes
Driver embedded	Yes
