

COLIN-1 White downlight LED RETAIL 21/30W pearl white 20° 2635/3785 lm

Ref. 034010901

COLIN is a recessed light that provides subtle but effective lighting. Designed for lighting retail and work spaces. The LED RETAIL module is indicated for lighting garments, since its features allow the textures and colours of clothes to stand out. A Colour Rendering Index of 95 provides a realistic rendering of the colour. The higher the value, the better the human eye perceives the real colour of the objects it lights. The 20° version is ideal for use as accent lighting in shop windows, shopfronts, restaurants or hotels, and also in exhibition rooms or museums.
