

Moaré

Antoni Arola

2003

Hanging lamp

The superimposed shades of Moaré cause an optical illusion of asymmetric waters, known as the Moiré effect. Created in 2003, the Moaré series has gradually taken on new formats, supports and colours, currently deploying numerous combinations to satisfy very different needs, from large commercial spaces to private domestic uses.

GENERAL DESCRIPTION

Two superimposed cylindrical polyester lampshades.

With a range of sizes and colours (white, red, grey and black), numerous combinations are possible.

Aluminium structure with graphite black finish and cast aluminium base.

Acryl satiné plastic cylindrical diffuser. Metallic graphite black square ceiling plate.
