TEIXIDORS

A project with the singularity as philosophy

Teixidors is a Barcelona based brand with a social vocation aimed at achieving economic independence and social inclusion of people with intellectual disabilities.

This objective has laid the foundation for over 30 years of award-winning design, created on manual looms in our own workshop in Terrassa (Barcelona).

Teixidors sources the highest quality raw materials, like cashmere and Yak wool from a cooperative in Mongolia, and ecological Merino wool from a small farm in Provence. Today Teixidors' exquisite plaids, bedspreads, pillows and scarves can be found in some of the most prestigious stores in the world.

Teixidors is part of the non-profit organization, Fundació Privada President Amat Roumens (FUPAR) based in Terrassa, Barcelona.

Natural materials

We achieve the perfect balance in each fabric structure thanks to our experience and investigation into the finest natural fibres.

Each one of Teixidors' products is woven by hand, taking into account the characteristics and singularities of each material, so as to achieve an equally delicate and surprising result.

“Each textile has a life of its own and stirs different sensations in each of us.”

Nuria Bitria, Teixidors Creative Director

SOURCE: PROVENCE, FRANCE

ECOLOGICAL MERINO WOOL

Our Merino wool comes from a farm in Provence, France and is the basis of our organic collection. Mixing the grey and brown wool from the same breed of sheep, our designs enhance the natural nuances of the fibre, which are intensified by the colourful edges achieved through locally sourced vegetable dye.

EUROPEAN LINEN WITH TRACEABILITY

European flax is a plant fibre that is present in Teixidors' collections thanks, among other things, to its regulating properties in humid environments and endless possibilities on the loom. In our designs, we seek its essence through simple textures and finishes in the form of cushions, plaids, bedspreads and fabrics for curtains.

SOURCE: MONGOLIA

SUSTAINABLE HAND COMBED BABY YAK WOOL

Our yak fibre comes from a cooperative of nomadic cattlemen in the Arkhangai mountains in Mongolia. It's a project originally supported by Agronomists and Veterinarians Without Borders (AVSF) to restore the traditional and sustainable grazing of these animals that make up the basis of the domestic and local economy. The youngest animals are hand combed to obtain the very fine interior fibres that we blend with organic Merino wool to weave in our workshop.

SOURCE: MONGOLIA

SUSTAINABLE CASHMERE

Cashmere is the most valued of fibres and global demand has generated situations of over-exploitation. Mindful of this, at Teixidors we support a Mongolian livestock cooperative that guarantees respectful care of the animals, environment, and processes when harvesting the cashmere. In our textiles, we explore mixtures with other noble fibres to elaborate extraordinarily light and soft structures, giving value to each gram of this excellent quality fibre.

SAMPLE SETS

We supply sample sets of three different product categories for a cost of 25 €/set or 70 € for a complete collection.

- Accessories
- Ecological Home Collection
- Home Collection

A sample set consists of a rectangle of fabric (approx. 32 x 26 cm - 12" x 10") of each product model, with a smaller swatch (approx. 9 x 5 cm - 3" x 2") of each additional colour in the same model. Each model and colour is referenced for easy identification.

Individual product samples are available free of charge upon request.

Shipping cost not included.

TAMAR'S BOOKS

“Tamar’s books” are part of a collection of unique notebooks, made to accompany your most personal and creative endeavours.

The fabrics on the covers, front and back, have been woven by Teixidors on manual looms, recycling the remains of our cashmere, wool and linen fabrics that are not used in the final product.

Each book has been bound by hand in the Taller del Llibre, leaving the stitching of the signatures visible and exposing the interior structure of the book.

Teixidors and Taller del Llibre work with labour integration of people with intellectual disabilities. Each book is unique, and a gift of exquisite touch that gives value to the manual component of our vocations, thus encouraging us to continue our dedication to the highest quality craftsmanship.

FEATURES

- Format: A5
- Size: 16 x 22 cm / 6.3 x 8.7 inches
- Pages: 50
- Material: Recycled paper 100g/m²
- Front and back covers: Teixidors’ fabrics in linen, silk, merino wool, etc.

Each book includes information about this project and product, in Spanish, Catalan and English.
