5185/087 colgante en cruz 8 luces **cross-shaped pendant 8 lights**

LED Citizen 3W 2700K 250lm

CE IP 20 A+

LED OVAL es una colección de colgantes protagonizada por una pequeña pieza metálica oval con un LED en su interior.

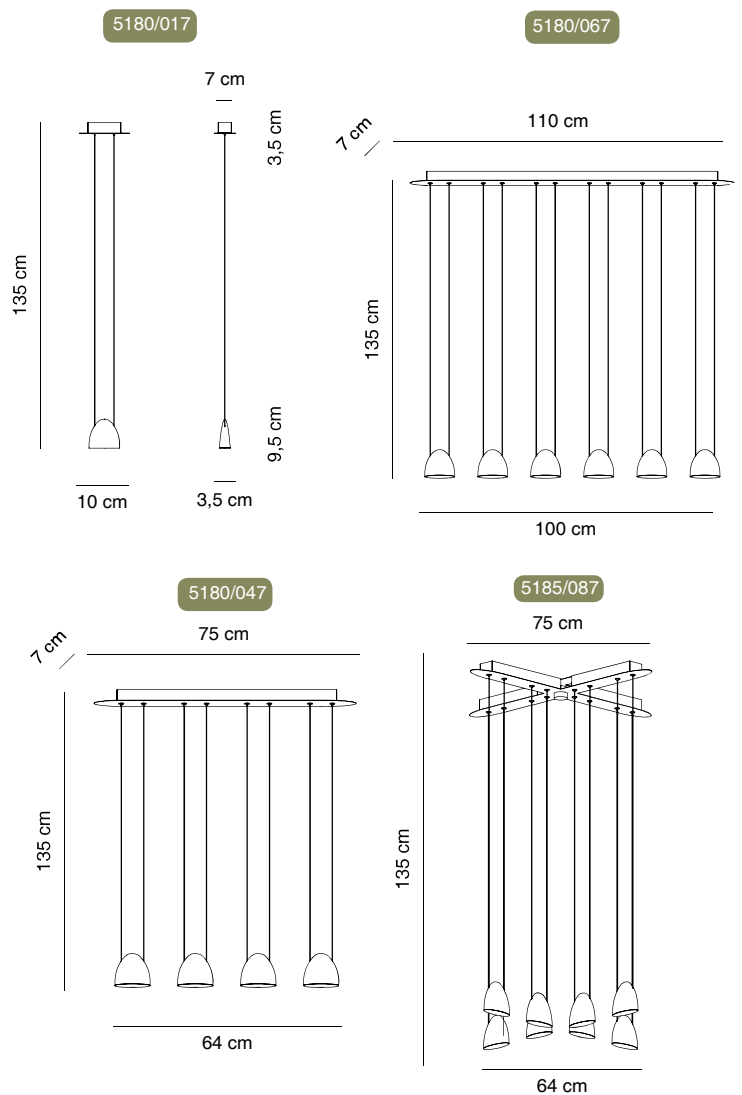

Lo que nos cautiva de la LED OVAL es su aire discreto y estiloso, y la posibilidad de regular en altura cada una de sus luces, lo que permite instalarla con todas a una misma altura o bien a diferentes niveles, consiguiéndose formaciones creativas y originales. La forma de sus pantallas y el hecho de que la luz se proyecte verticalmente nos hacen pensar en un conjunto de delicadas linternas enfocando hacia abajo, sin deslumbrar. LED OVAL es ideal para lugares que requieran suspensiones individuales, lineales o con florón en cruz, como la barra de un bar, el mostrador de una tienda, la recepción de un hotel, encima de un mueble aparador o sobre una mesa de comedor.

La colección LED OVAL consta de un modelo individual, dos modelos lineales y un modelo con florón en forma de cruz. La estructura es de acero inoxidable pulido espejo, la pantalla está realizada en fundición de aluminio pulido espejo y un difusor de metacrilato. Cada óvalo contiene un LED Citizen 3W 250lm y 3000K. El driver y las lámparas LED están incluidos.

LED OVAL is a collection of pendants which main element is a small oval metallic part with a LED inside.

What captivates us about LED OVAL is its discreet and stylish air, and the possibility of regulating in height each of its lights, which allows to install it with all at the same height or at different levels, obtaining creative and original formations. The shape of its screens and the fact that the light is projected vertically make us think of a set of delicate torches focusing downwards, without dazzling. LED OVAL is ideal for places that require single, linear or cross-shaped hanging lamps, such as a bar counter, a store counter, a hotel reception desk, a buffet or on a dining table.

The LED OVAL collection consists of one individual model, two linear models and one model with cross-shaped ceiling plate. The structure is made of mirror-polished stainless steel, the screen is made in mirror-polished die cast aluminium and a methacrylate diffuser. Each oval contains a Citizen 3W 250lm and 3000K LED. The driver and LED lamps are included
