

LOOP by Raw Color, 2022

## EXPLICACION DEL MODELO

*Un bucle cerrado de colores*

En su afán por idear nuevas formas de sentada, **Raw Color** ha desarrollado los sofás **Loop** para los que no solo propone una variada familia de medidas, sino también una selección de acabados especiales que rompen el bucle y lo convierten en todo un trabajo de sastrería.

**Loop "Designer's Edition"** está disponible en 4 versiones del textil Planum, diseño también de este estudio para la firma de tejeduría danesa Kvadrat.

A modo de patchwork, cada versión combina tres matices distintos de una misma tonalidad, jugando con los rojos, amarillos, azules o verdes según la opción elegida.

Por otra parte, la versión estándar de **Loop** se puede tapizar en una amplia selección de tejidos.

**Loop & Link** son parte de un mismo proyecto colaborativo entre **Raw Color** y **Sancal**, el cual surgió durante los primeros confinamientos ocasionados por la Covid-19. Con el optimismo que nos caracteriza, desarrollamos ambos productos con la ilusión de lanzarlos cuando estar "entremezclados" de nuevo fuera algo normal, de hecho, el brief tenía el nombre de "fiesta". Ahora, que todo parece ir volviendo a la normalidad, ¡estamos encantados de celebrarlos compartiendo el resultado de esa ilusión con todos vosotros!

Ilusión no es solo un estado de ánimo, es también parte del juego visual que **Raw Color** busca al conectar luces, sombras, color y volumen entorno a unas geometrías suavemente redondeadas. Ilusionismo es también la magistral traslación de la expresión gráfica a la realidad de un mueble.

En palabras de los diseñadores: "Un sencillo gesto que evoluciona en una forma que une por igual segmentos curvos y rectos. **Link** y **Loop** están conectados visualmente por el cilindro. La geometría esencial de esta figura permite que el volumen sea suave y táctil, al igual que su apariencia. Todas sus formas son curvas".

## IMPORTANTE

Los tejidos aptos pertenecen a los muestrarios referenciados en la tabla. No disponible en piel, vinilos u otras pieles sintéticas.

No admite barrera ignífuga.

Los sofás se sirven desmontados e incorporan instrucciones de montaje.

La versión Designer's edition son cuatro propuestas que combinan tres tonos distintos del tejido Planum de manera asimétrica: Red mix (rojo), Blue mix (azul), Yellow mix (amarillo) y Green mix (verde).

## DESCRIPTION

*Bended into a closed loop of colours.*

**Raw Color** seeks to create new joyful ways of sitting. The **Loop** soft seating range not only offers different sizes, but also a selection of special finishes that break the loop.

**Loop "Designer's Edition"** is available in 4 versions of the Planum textile, also designed by this studio for the Danish textile company Kvadrat.

Like a patchwork, each version combines three different hues of the same colour, playing with reds, yellows, blues or greens depending on the option chosen.

The standard version of **Loop** can also be upholstered in a wide selection of fabrics.

**Loop & Link** are part of the same collaborative project between the design studio **Raw Color** and **Sancal**, which emerged during the first days of Covid-19. With the optimism that characterises us, we developed both products even as the pandemic raged with the conviction that one day we would sit together once again. Indeed, the working title was "party" – in honour of that moment when we could celebrate the end of the pandemic. Now, as the health crisis draws to a close in Europe, we are delighted to share this stimulating project with all of you!

Illusion is not only a state of mind, it's also part of a visual effect that **Raw Color** achieves when connecting light, shadow, colour and volume in softly rounded geometries. Illusionism is also the masterful translation of graphic expression into the reality of a piece of furniture.

In the words of the designers: "From a single gesture a shape evolves that equally unites curved and straight segments. **Link** and **Loop** are visually connected by the cylinder. The essential geometry that allows the overall volume to be soft and tactile in its appearance. Hard corners cannot be found".

## IMPORTANT

This product is only available in the fabrics listed in the table. This product is not available in leather, vinyl or synthetic leather.

This product cannot have an interliner fitted.

The sofas requires assembly and comes with instructions.

The Designer's Edition variants are four versions that combine three different tones of Planum fabric in an asymmetrical way: Red mix, Blue mix, Yellow mix and Green mix.

## CARACTERISTICAS TECNICAS

### TELA

- Funda textil no desenfundable.
- Estructura asiento: estructura de madera preparada con rafia trenzada en el asiento, recubierto con espuma de densidad diferenciada (CMHR 30kg y CM-P40kg), revestido con fibra H150.
- Estructura respaldo: estructura de madera preparada con rafia trenzada en el respaldo, recubierto con espuma de densidad diferenciada (CMHR 30kg, CM28kg y CMP40kg), revestido con fibra de H150.
- Patas en madera de haya, acabadas en wengué plus (las patas quedan ocultas).

### PIEL

- No se fabrica.

## TECHNICAL SPECIFICATIONS

### FABRIC

- Fixed upholstery.
- Seat structure: wood fitted with braided raffia, covered with foam of varying densities (CMHR 30kg, CMP40kg) and H150g fibre.
- Back structure: wood fitted with braided raffia, covered with foam of varying densities (CMHR 30kg, CM28kg and CMP40kg), covered in H150g fibre.
- Solid beech feet stained in wenge plus (hidden feet).

### LEATHER

- This product is not available in leather.
