RIO

TECHNICAL INFORMATION SHEET

# RIO

BY SEBASTIAN HERKNER, 2022

**punt**

## PRODUCT TYPE

Floor & table lamps

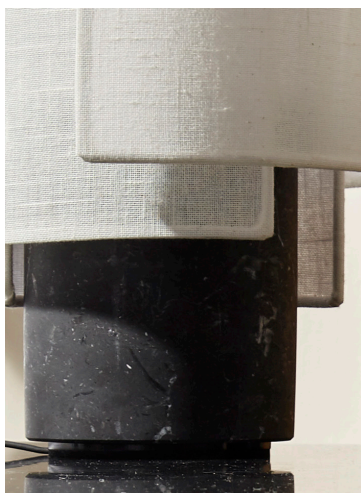

Rio is based on the fundamental design language that characterises its designer Sebastian Herkner. The collection is about the balance of materials and proportions. The proposal features the round cylinders of solid marble on which rest, like the sails of a ship, the three lampshades that make up each lamp. They are all different sizes and together create a volume of light.

## TIPOLOGÍA DE PRODUCTO

Lámparas de pie y sobremesa

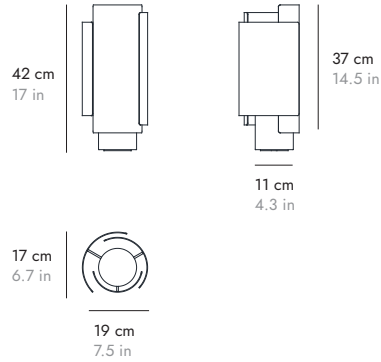

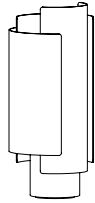

Rio se basa en el lenguaje de diseño fundamental que caracteriza a su diseñador Sebastian Herkner. La colección trata sobre el equilibrio de materiales y de proporciones. En la propuesta destacan los rotundos cilindros de mármol macizo sobre los que descansan, como velas de un barco, las tres pantallas que componen cada lámpara. Todas tienen tamaños diferentes y juntas crean un volumen de luz.

## DETAILS DETALLES

## DIMENSIONS TABLE LAMP DIMENSIONES LÁMPARA SOBREMESA

### RIL300

### SPECIFICATIONS. ESPECIFICACIONES

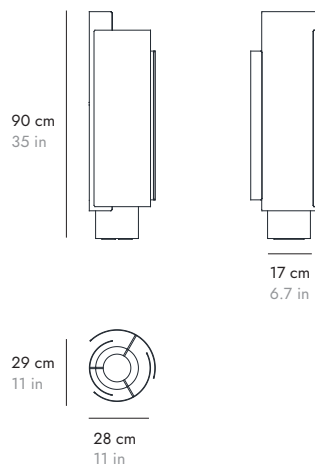

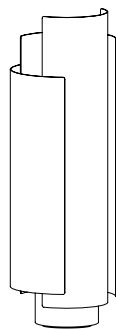

Integrated LED	LED 24 V
LED Integrado	Dimmable
110-240V Class II	8,5 W 50-60 Hz
Clase II	2700 K
	504 lm
