

LAPSE is a comprehensive modular programme that transcends the classic concept of seating for waiting areas. The broad range of elements and accessories available and the special design of the modules allows endless compositions to be configured, transforming waiting areas into modern collaborative spaces for interaction. The collection offers a varied range of seating modules, side units, privacy screens and connectivity accessories that can be combined to fit the functional needs of any space or project.

**ECOLOGY**

INCLASS production processes are certified according to environmental ISO 14001 quality standards and are carried out through the reduction of waste and energy consumption in order to minimise any impact on the environment.

ISO 14001 certificate [+info](#)

**QUALITY STANDARDS**

ISO 9001 certificate [+info](#)

The quality management system of INCLASS is certified in accordance with ISO 9001 in all the design, manufacturing and sales procedures of its products.

UNE EN 16139:2013.

ANSI/BIFMA X5.4:2012.

*INCLASS products have been extensively tested to exceed industry testing standards at AIDIMME. AIDIMME is member of the European network INNOVAWOOD and its testing laboratories are accredited by ENAC.*
