PRODUCT TYPE

Chair

Designer Stephanie Jasny drew inspiration for her Mava chair from the wooden clothes pegs of the early 20th century. These archetypal clothes pegs have a groove in the centre that allows them to hold clothes when hanging them out to dry. Similarly, the legs of the Mava chair allude to the concept and are slotted to hold firmly the wide, open backrest that seems to blow in the wind like a piece of cloth.

TIPOLOGÍA DE PRODUCTO

Silla

La diseñadora Stephanie Jasny se inspira en las pinzas de madera de principios del siglo XX a la hora de dar forma a su silla Mava. Estas arquetípicas pinzas cuentan con una ranura en el centro que les permite sujetar la ropa al tenderla. Del mismo modo, las patas de la silla Mava hacen alusión al concepto y se ranuran para sujetar firmemente el respaldo de forma ancha y abierta que parece volar al viento como un trozo de tela.
