

BOLS

Mermelada estudio

^(ENG) Bols adds volume without weight. The polyethylene globe is a transformative element that can be suspended from the ceiling or provide ambient light when captured in open metal baskets. Indoors and outdoors, the baskets can be customized with kits that allow use as tables or planters. ^(ESP) Bols añade volumen sin peso visual. La pantalla de polietileno es un elemento transformador que, combinado con diferentes estructuras metálicas, se puede colgar del techo o proporcionar luz ambiental mediante lámparas de pie. Tanto en interior como en exterior, Bols se puede personalizar con kits que permiten su uso como mesita auxiliar o macetero.

(ENG) The low or tall metal basket that holds Bols can be customized with a table kit, a removable polypropylene tray-top. With the flowerpot or planter kit, greenery can be added to indoor and outdoor spaces. (ESP) Sus versiones de pie se pueden convertir fácilmente en macetero o en mesita auxiliar gracias a una ingeniosa solución pensada para llenar de verde las terrazas o añadir una superficie extra sin ocupar sitio.
