# MARIETA COLLECTION

*by Yonoh*

capdell

Designed by the famous Yonoh studio, Marietta is a collection with a very fresh and customizable design that leaves no one indifferent. Its name comes from Valencian, its translation is Mariquita, referring to the insect from which the design is inspired and emphasizing the local culture. A very funny aesthetic, seen from above, the structure, the seat and the backrest imitate the shape of this little insect, legs, body, head...

The chair is made up of a seat and backrest in beech plywood with external oak faces, 8mm thick, and a 16mm diameter tubular metal structure.

The collection consists of a chair, armchair, armchair and stool. It is stackable and has a version for outdoor spaces with a 2.5mm-thick aluminum alloy seat and backrest. Both plates are stamped with holes that emphasize the character of the ladybug: its spots. And stainless steel structure that provides robustness and resistance. Under the seat it has EPDM bumpers, which function as a separator between the chairs and prevent scratches.

The visible screws and the groove in the backrest are part of the chair's personality, which enhances the concept and makes it a unique piece. The detail of the groove at the front is accompanied by the detail of the metal tube at the back, which borders it and accentuates the concentricity at the top. The seat is elevated from the metal frame, to give a cantilevered sensation.

Very light sections, both made of boards and metal, to emphasize the slenderness and proportions of an insect, optimize resources, and make it a functional, easy-to-handle, and versatile chair.

Seat and backrest can be completely made of wood or upholstered combining various densities of polyurethane foam, 40 and 30kgs.

Marietta is a valid collection for Indoor and Outdoor. It is a collection with a wide range of finishes and that fits in an infinite number of spaces. Due to its characteristics (Lightweight and stackable) it can be used in large, contract and residential installations. A very complete collection with great features for your projects.

## MARIETA collection

### Chair / Sillas

**2311**

Chair with oak wood seat and back. Steel frame / Silla con asiento y respaldo de roble. Estructura de acero.

**2311N**

Armchair with oak wood seat and back. Steel frame / Silla con brazos con asiento y respaldo de roble. Estructura de acero.
