A photograph of a modern interior corner. The wall is covered in light-colored wood paneling with a vertical grain. A white architectural element, possibly a shelf or a ledge, is attached to the wall, creating a sharp geometric transition. The lighting is soft and even, highlighting the textures of the wood and the clean lines of the white structure.

DISEÑADORES / DESIGNERS

Francesc Rifé

Interiorista y diseñador industrial, Francesc Rifé funda su estudio en Barcelona en 1994, abarcando desde el interiorismo al diseño industrial, arquitectura, creación de conceptos, instalaciones, grafismo y dirección artística. Influenciado por el minimalismo, y marcado por una historia familiar ligada a la artesanía, articula toda su obra en torno al orden espacial y a la proporción geométrica. También demuestra una especial atracción por los materiales nobles que no le abandonará jamás.

Interior and industrial designer, Francesc Rifé founded his own studio in Barcelona in 1994, handling everything from interior to industrial design, architecture, the creation of concepts, installations, graphics, and art direction. Influenced by minimalism and following a familiar tradition linked to craftsmanship, his work focuses on ways of approaching material honesty, spatial order and geometric proportion.

Ramón Esteve

Ramón Esteve es Arquitecto y Diseñador; surgiendo una faceta como consecuencia de la otra. En 1991, fundó el estudio RE_E con una visión transversal en la que Arquitectura y Diseño forman un solo concepto bajo las mismas leyes y premisas de diseño. Su objetivo es el desarrollo de entornos completos a través de una interacción mutua entre ambas disciplinas, generando soluciones creativas para lugares, objetos y marcas singulares.

Ramón Esteve is an architect and subsequently evolved as a designer, one emerging as a consequence of the other. In 1991, he founded the RE_E studio with a transversal vision in which Architecture and Design form a single concept under the same laws and principles of design. His aim is to develop complete environments through a mutual interaction between both disciplines, generating creative solutions for unique places, objects and brands.

Gabriel Teixidó

Gabriel Teixidó se define a sí mismo como un diseñador “bastante” industrial, ajeno a las modas. Su forma de trabajar, en solitario, da como fruto unos diseños austeros y alejados del exhibicionismo formal. Esta discreción y eficacia le ha convertido en un eterno superviviente dentro del panorama de diseñadores industriales españoles. Teixidó tiene una habilidad especial para convertir sus diseños en éxitos comerciales: “lo que me interesa es que mis diseños sean útiles, que la gente se sienta cómoda con ellos, que sean una ayuda”.

Gabriel Teixidó defines himself as a designer who is “quite” industrial, unconcerned with trends. His way of working alone results in austere designs far removed from formal showiness. His discretion and efficiency have made him a permanent figure in the Spanish industrial design scene. Teixidó has a special ability to turn his designs into commercial successes: “what interests me is that my designs are useful, that people feel comfortable with them, that they are helpful”.

Yonoh Studio

Yonoh se distingue por el progresivo perfeccionamiento de su voz personal, rara vez ha coqueteado en exceso con alguna tendencia estética. Con el transcurso del tiempo, se ha abierto paso con un estilo fino y elegante, resuelto de manera impecable. Y lo han conseguido trabajando para empresas menos interesadas en impresionar y más en aportar, alcanzando un perfecto equilibrio entre su propia voz y el estilo de la firma.

Over the course of time, they have made their way with a fine and elegant style, impeccably resolved. And they have achieved this by working for companies less interested in impressing and more in contributing, striking a perfect balance between their own voice and the style of the firm.

JMFerrero estudi{H}ac

José Manuel Ferrero fundó estudi{H}ac en 2003 con el objetivo de dar vida a todas las ideas que surgían en su cabeza. La pasión que imprime en su trabajo se palpa desde el primer instante. Discreto, culto, elegante e inmensamente creativo, para Ferrero el diseño es un estilo de vida. Podría decirse que el término británico "Bespoke" es el dogma que rige cada diseño, siendo un referente nacional e internacional.

José Manuel Ferrero founded estudi{H}ac in 2003 with the aim of giving life to the ideas in his head. The passion he puts into his work is evident from the very first moment. Discreet, cultured, elegant and immensely creative, for Ferrero design is a way of life. It could be said that the British term "Bespoke" is the tenet that governs every design, being a national and international reference.
