

**EXPLICACION DEL MODELO**

Las principales características de este modelo son su amplia modularidad y su oferta de medidas. La familia Air ofrece dos alturas de respaldo (81cm y 88cm) y tres tipos de brazo para cualquiera de sus versiones. Las opciones son: brazo ancho, estrecho y alto y se pueden combinar en una misma pieza. La opción de brazo alto es apta para hacer rincón.

La colección se completa con una serie de piezas auxiliares: 4 mesas, 2 pufos, 1 cojín de decoración y 4 almohadas opcionales para el brazo alto cuando hace rincón (2 por cada altura de respaldo). La mesa de 93x93 y el puf de 95x95 están pensados para hacer composiciones con rincón.

Air también ofrece la posibilidad de hacer combinaciones con almohadas de respaldo extra. Estas almohadas de respaldo de 55x60 son opcionales y no están incluidas en el precio.

Las patas están colocadas de tal forma que quedan ocultas.

La unión de los módulos se realiza mediante carracas.

Toda la gama de productos, excepto las mesas, son totalmente desenfundables cuando van tapizados en tela y sólo las almohadas cuando van tapizados en piel o piel sintética.

**IMPORTANTE**

Las piezas se sirven montadas en todas sus medidas.

En tela, los módulos de 240 siempre son desmontables. Previa solicitud, los módulos de 180 se pueden fabricar para que sean desmontables en destino (especificar en el pedido). Adjuntamos instrucciones de montaje y desmontaje.

En piel o piel sintética todas las medidas se sirven siempre en una pieza y no son desmontables.

Este modelo está disponible tanto en tela como en piel.

Las solicitudes de composiciones modulares deben adjuntar un plano en planta al realizar el pedido. La mano (derecha/izquierda) se interpreta siempre viendo el dibujo de frente.

**DESCRIPTION**

The Air boasts a wide range of elements, making it easy to adapt to any space. Large compositions seemingly levitate, suspended on recessed feet, hence the sofa's name.

Not only does the programme include a vast array of modular seating, but also two back heights (81cm and 88cm) and three types of arm: wide, narrow and high. The latter also doubles as a back to form a corner composition.

The collection is completed with a number of auxiliary pieces: four tables, two poufs, one scatter cushion and four optional cushions for the high arm when it is used in the corner option (two for each back height). The 93x93cm table and the 95x95cm pouf can be used as a corner unit.

The modules are joined by a ratchet system.

The entire range, except the tables, has fully removable covers when upholstered in fabric, but only the cushion covers when the piece is upholstered in leather or synthetic leather.

**IMPORTANT**

To aid delivery, when upholstered in fabric, the 240cm module can always be disassembled at the destination. By request, the 180 module can also be manufactured in the same way (this must be indicated on the order). These products include disassembly and assembly instructions.

When upholstered in leather or synthetic leather, the sofa cannot be disassembled - whatever the size.

Orders for modular combinations must include a plan when placing the order. Left and right are taken to be as facing the piece.

The Air tables are unavailable in the USA due to import restrictions.

**CARACTERISTIQUES**

Les principales caractéristiques de ce modèle sont sa grande modularité et l'offre importante du nombre de modules. AIR présente aussi 2 hauteurs de dossier (81cm et 88cm) et 3 types de bras différents adaptables sur toutes les versions. Les options sont: bras large, bras étroit et bras haut, chaque option peut être combinée sur une même pièce. L'option bras haut peut servir aussi pour la réalisation d'angles.

La collection est complétée par une série de pièces auxiliaires: 4 tables, 2 poufs, coussin de décoration et coussins optionnels pour le bras haut lorsqu'il sert d'angle (2 pour chaque hauteur de dossier). Latable 93x93 le pouf 95x95 est pensée pour servir d'angle.

AIR offre la possibilité de rajouter des coussins de décoration de 55x60 optionnels. Ces coussins ne sont pas inclus dans le tarif.

Les pieds sont placés de façon à ne pas être vus.

L'union des modules se fait par visserie.

Toute la collection, à l'exception des tables, est entièrement déhoussable lorsque le recouvrement est en tissu, et uniquement avec coussins déhoussables lorsqu'il s'agit d'un recouvrement cuir ou cuir synthétique.

**IMPORTANT**

Les modules sont livrés montés dans toutes les dimensions. En tissu, le module 240 est toujours livré démonté. Sur demande, le module 180 peut être fabriqué pour qu'il soit démontable lors de la livraison finale (à spécifier sur la commande). Ces références sont livrées avec une notice de montage et démontage.

En cuir ou en cuir synthétique les modules sont toujours livrés en une seule pièce et ne sont pas démontables.

AIR est proposée en tissu et en cuir.

Les commandes de compositions modulables doivent être obligatoirement accompagnées d'un plan. Le placement des bras gauches ou droits s'entend toujours vu de face par rapport au dessin.
